Not sure ka. Jonna, P2 COP, tried to submit the abstracts but the abstract submission was blocked so she alerted PMAC Secretariat regarding this issue. They are checking the system and try to fix the problem shortly.

Best regards,
Sudarat

Dear Prof. Mazet,

Thank you for your email. We are checking the system and expect to fix the problem shortly. The deadline for submission is still on March 31st. We are very sorry for any inconvenience.

Best regards,
PMAC Secretariat

Dear Secretariat,

I'm sure that you are probably aware, but just in case, I wanted to let you know that the abstract system has been blocking abstract submission (far before the deadline). It wasn't working yesterday, and our team waited in case it was a temporary problem, but it still isn't working.

We'll keep trying, but let us know if you have intentionally closed the abstract submission, even though the deadline has not yet been reached.

Thank you,
Jonna
